VITAS Brings Hospice to Pensacola.

Patients and families in Escambia, Santa Rosa, Okaloosa and Walton counties now served by the nation’s leading hospice provider.

When you have patients who present with functional decline, you have a partner in VITAS® Healthcare. We help you have the goals-of-care conversation, answer hospice questions, perform a patient evaluation or just keep in contact with the family.

• VITAS admissions coordinators are available when you need them, 24/7.

• VITAS hospice teams bring care to patients’ homes, nursing homes or long term care communities.

• VITAS Care Connection Center responds to questions 24 hours/day, dispatching a team member to the bedside when necessary.

• VITAS delivers, at no cost, all medications, equipment and supplies related to the terminal diagnosis.

Get to know VITAS. Call 800.93.VITAS or go to VITAS.com
Baptist Health Care is the area’s only locally owned, not-for-profit health care system. We offer more points of access than any other provider in our community to ensure convenient access to the care you need.

In addition, as a member of the Mayo Clinic Care Network, our local physician experts are able to connect with those at Mayo Clinic on the most complex cases so that our patients can get the care they need without having to leave the area.

This is the eighth edition of the Escambia Medical Society Membership Directory. It includes our physician’s name, specialty, NPI number, practice address, phone number, fax number, and website address. Additionally provided are hospital contacts and county health department contacts. Specifics on CME requirements and licensure renewal are also listed in this book.

The Escambia County Medical Society encompasses Escambia and Santa Rosa Counties and we host important CME meetings which provides our physicians with needed mandatory hours for re-licensure on: risk management, domestic violence, prevention of medical errors. We also offer other important topics such as medical marijuana, asset protection, physician burnout, HIPPA compliance and debt management. Annually, we host Women in Medicine and Doctors Day celebrations. ECMS members receive many benefits including: discounted workers compensation insurance, the ability to get free consultation from The Florida Health Care Law Firm, and interaction and networking with other physicians in the community at our monthly meetings.

Our society has strong representation at the FMA level with 10 representatives to the House of Delegates. We are always looking for new and interested members to become a representative or to draft a resolution that we can take to the House.

We have created a strategic plan for ECMS to help strengthen our membership and make our society relevant to our members. Details of this plan are also included in this book. The board and I are here to serve you and certainly encourage your input and suggestions throughout this year. I am honored to serve as your 2017 president and look forward to a fantastic year.

Sincerely,

Hillary Hultstrand, M.D.
2017 ECMS President

Strategic Plan Report 2016—2018+
The Escambia County Medical Society in conjunction with Santa Rosa County [E.C.M.S.] is a local professional association of medical doctors and doctors of osteopathy (M.D.’s & D.O.’s), that addresses political, social, and economic issues concerning the level and delivery of healthcare for patients and physicians. Started in 1873, the non-profit E.C.M.S. represents over 400 physicians living or working in Escambia and Santa Rosa counties of Northwest Florida.

**Mission:**
The mission of the Escambia County Medical Society is to advance physicians’ practice of medicine in our community.

**Vision:**
- **Tradition** – Honoring the history of medical care in Escambia and Santa Rosa counties.
- **Service** – Serving the needs of our community through the service of our members in the practice of medicine.
- **Leadership** – Meeting the challenges of the future and safeguarding our community’s health through organized collaboration on the local, state, and national level.

**Functioning as the Champions of Healthcare by:**
- Nurturing all physicians to seek self-improvement, leadership abilities, and volunteer opportunities within our community and state;
- Serving as advocates for patients by encouraging physicians to pursue high standards in medical care, education, and ethics;
- Promoting access to quality healthcare for all citizens in the local community, regardless of ability to pay for such services;
- Promoting the unity, harmony, and welfare of the medical profession

**Some of our activities:**
- Offer membership to all qualified physicians in our area
- Encourage continuing medical education and accreditation
- Liaison with public health agencies
- Physician meetings featuring current topics concerning healthcare
- Communicate information through our newsletter, *The Bulletin.*
- Actively seek the legislative process to improve availability of quality healthcare for all citizens, regardless of ability to pay
- Respect and facilitate the coordination of physician-specialty society efforts
- Maintain honest communication with the media
- Encourage members to volunteer in our community

E.C.M.S. Foundation

The Escambia County Medical Society Foundation is a non-profit organization dedicated to providing healthcare services on a volunteer and funding basis through its members. The Foundation was created in 1994.

- Primary goal is to assure access to adequate healthcare for the medically indigent citizens of the area
- To study and promote improved methods and facilities for healthcare
- To pursue the protection of public health
- Implement the means of financing healthcare at reasonable costs
- To cooperate with other organizations and institutions interested in pursuing these goals
- Disseminate information concerning healthcare in general

Current Foundation programs include: We Care and GoSeniors! Voucher Transportation Program, which are a Project of the Foundation

- **We Care Program**: Founded in 1992 and now implemented by the Health Department, the We Care program assigns medically indigent patients to physician specialists who provide in-kind medical care as volunteers. Physicians may call 595-6500, ext. 1081 for more information.
- **GoSeniors! Voucher Transportation Program**: The ECMS Foundation operates the GoSeniors! Transportation Program with the financial assistance from the Fellows Memorial Fund. The program started in 2011 to benefit healthcare continuity and has provided local residents, 60 years of age and older with transportation to physician appointments.

Escambia County Medical Society Foundation has limited funds to support the We Care Program's patients. In the past, funds have been used for medications, equipment and transportation to care settings.

To donate to these causes, mail your check to the ECMS Foundation at the address below. If you would like to donate specifically to one or the other, please note that on your donation.

The Escambia County Medical Society Foundation is the philanthropic arm of the medical society. It is your Foundation, funded by your contributions, and the ongoing programs provide focused care to the citizens of Escambia and Santa Rosa Counties. We are proud of it—not all medical societies have a charitable division.

We Care Program is the oldest and was initiated in 1992 under the leadership of Drs. Stuart Shippey, Reed Bell, Donna Jacobi and others. This program enrolls physicians to donate services to those who cannot afford them. It has made an immeasurable impact on numerous lives in our area. The following were honored at the recent ECMS Inaugural Ball.

- Dr. Donald Dewey: 2016 Bell-Shippey We Care Doctor of the Year, with highest individual treatments and dollars provided.
- Pensacola Pathologists: Facility with most donated services.
- Cordova Ambulatory Surgery Center: Facility with highest indirect dollar amount.
- Gastroenterology Associates: Medical Group with most services and indirect dollar amount.

The total contributions for 2016 included hospital donations of $2M and physician donations of $600,000. Thank you to everyone who participated. But remember—the more that volunteer, the better the outcomes and the easier fr patients to be seen. Consider joining the We Care Program.

Go Seniors Program is a program facilitated by the Foundation that issues vouchers to help elderly patients with transportation needs to doctors offices. These vouchers provided nearly $7,000 worth of cab fares last year to enable these patients to obtain the care they needed. Your donations combined with a grant from the Fellows Memorial Fund has enabled this program to thrive.

Blood Pressure Cuff Program was initiated last year by the Foundation to supply patients with cuffs to monitor their hypertension. Almost 300 cuffs have been provided to Health and Hope, Good Samaritan, St. Joseph and Escambia County Clinics. The positive feedback has been tremendous and we plan to continue this through 2017.

National Academy Disaster Preparedness Event is a program facilitated by the Florida Department of Health in Escambia County and the ECMS Foundation to enable the multidisciplinary participants to maintain the regions’ preparedness for possible disaster events.

Pensacola State College Endowment is a partnership between ECMS Foundation and PSC to award scholarships to students pursuing degrees in healthcare. A total of four scholarships were awarded last year, and we hope for even more this year.

FSU Medical Student Scholarships is an endowment in conjunction with the Pensacola regional campus. An initial $100,000 contribution through the Foundation was made to create it, and it has grown since that time. A recent Wine Gala fundraiser was held to increase the number of scholarships available. It was very successful, and enjoyed by all who attended!

Additionally, the ECMS Foundation has participated in other various charitable endeavors. It has provided prizes to local science fair winners, money for public service billboards, and enabled a project to bridge the gap between hospital and home care.

It is your participation in these programs that keep it all going. The money for the Foundation comes from tax deductible donations from our members. Please consider this as you review your charitable giving for 2017.

Our app offers you a way to simplify the complicated, time-consuming license renewal process so that you can make time for what really matters to you.

- Track progress on your official CE Compliance Transcript.
- Search for courses by approved educational providers.
- View CE Requirements.
- Report CE easily.
- View a detailed list of completed courses with Course History.
- Automatically syncs with your account on CEBroker.com

Download the Free app for the iPhone and Android devices.
The FL Department of Health now requires you to submit proof that you completed all of your continuing education hours before you renew your license. If your hours are not all reported, you are at risk of not being able to renew your license.

**DO NOT WAIT UNTIL THE LAST MINUTE TO REPORT YOUR CE/CME!**

Check your records in CE Broker, the official tracking system for the Department of Health, to view the hours that have been posted towards your requirements and report any missing hours.

Visit [www.RenewalReady.com](http://www.RenewalReady.com) to learn more about this process.

The Members by Specialty list closely reflects the specialty group and board certification designations set forth by the American Medical Association and the American Board of Medical Specialties. Sub-specialties which would normally have been listed in alphabetical order, are now included under major specialty group sections (for example: Hematology is included under the Internal Medicine section; General Surgery is included under the Surgery section; and all Pediatric sub-specialties are included in the Pediatric section). Cross-references are included throughout the list to assist you.
